Tokyo Institute of Technology

# Doctoral Level Education and Student Support System

For doctoral students, Tokyo Tech has **four special degree programs involving academies for the WISE Program** and **two support programs in financial aid and career support services**. Students are encouraged to make the most of our overarching education and support system and advance to the doctoral program.

## Integrated five-year master's-doctoral program

Helps develop one's

- broad perspective through interdisciplinary research
- ability to solve social problems through industry-academia collaboration
- international leadership skills and offers
- financial aid and career path support

## Target students

### First-year master's students and above

Registration while enrolled in the master's program is recommended. Please contact the appropriate academy office for details. We will support your growth during these five years in various ways by taking advantage of Tokyo Tech's strengths.

## Four special degree programs

Three academies for the WISE Program and the Tokyo Tech Academy for Leadership

Tokyo Tech Academy for Convergence of Materials and Informatics (TAC-MI)

Tokyo Tech Academy for Super Smart Society (WISE-SSS)

Tokyo Tech Academy of Energy and Informatics (ISE)

Tokyo Tech Academy for Leadership (ToTAL)

100 students

## Financial aid and career support programs

Tokyo-Tech pioneering doctoral research program

Advanced Human Resource Development Fellowship for Doctoral Students

100 students

## Support for doctoral students

Three years from the first year of the doctoral program

- Support for living and research expenses
- Incentives for students enrolled in an academy

## Eligible applicants

### First-year doctoral students

There is a maximum number of support recipients that will be accepted. Students enrolled in an academy will be prioritized in the selection process for the program.

**Taking both opportunities will greatly enhance skill development and financial assistance!**

Join one of **four special degree programs** during your master's degree

[Example estimate]

A student is enrolled at the academy and receives financial support:

Living expenses (1.8 million yen per year) + RA salary (200,000 to 840,000 yen per year) and wage + support for research and travel expenses

For more information on each program, please visit their respective website.
